Answer: _____

40. Ben colours 10, 20, 30... to 100. How many squares does he colour?
Answer: _____

Down adds 10, right adds 1

One square down is 10 more: only the tens digit changes. One square up is 10 less.
One square right is 1 more. At the end of a row, 1 more starts the next row: 40, then 41.
